

BOARD POLICY DEVELOPMENT

Adoption of new policies or changing existing policies is solely the responsibility of the Board.

Proposals for new policies or revisions of current policies may be initiated in writing by anyone interested in or connected with the District and presented to the superintendent. The superintendent and administration will review the proposal and recommend appropriate disposition of the proposal. Upon their decision, the Board will inform the interested parties on the status of the proposal and their reasons for acceptance or rejection of the proposal at the next Board meeting.

Except for policy actions to be taken on emergency measures, the adoption of policies by the Board will follow the sequence outlined in Policy BFC--Policy Adoption.

The formal adoption of policies will be recorded in the minutes of the Board meeting. Only those written statements so adopted and so recorded will be regarded as official policy of the Board. Policies may become effective immediately upon adoption or at a specific effective date established by the Board and provided in the motion to adopt. Establishing an effective date in the future may be necessary to enable persons to become adequately prepared for implementing the new policy.
