POLICY REVIEW AND EVALUATION/MANUAL ACCURACY CHECK

The policies of the Board of the Pattonville School District are hereby declared to be those policies, regulations and exhibits which are set forth in the publication entitled Policies and Regulations of the Pattonville School District. These said policies shall supersede all other statements of policy of the Board of Education of the Pattonville School District.

In an effort to ensure that policies are updated to comply with the most recent conditions, federal and state regulations, statutes and court decisions, the Board will review its policies on a continuing basis. The Board will continually be receptive to information and/or recommendations from the school staff, students, and community in regard to the appropriateness and relevance of current Board policy.

The superintendent is responsible for calling the Board's attention to all policies that are out of date, or that appear to need revision.

Adoption of new policies or amending existing policies will follow the sequence outlined in Policy BFC-- Policy Adoption.

The superintendent and administrative staff shall make every effort to ascertain that the district policies available on the District's website, are current. However, only that copy which is designated "official copy," and which is kept at all times in the office of the Superintendent of Schools shall be recognized as authoritative.
