

PATTONVILLE SCHOOL DISTRICT

EPS Code: EBBC

District Code: New

ACCIDENT PREVENTION AND SAFETY EQUIPMENT

All students, staff, and visitors are required to wear industrial quality safety equipment (including but not limited to: safety eyewear, ear plugs, and gloves) when participating in or observing the following non-inclusive examples in any class:

1. Exposure to molten materials
2. Milling, sawing, turning, shaping, cutting, grinding, or stamping of any solid materials
3. Heat treatment, tempering, or kiln firing of any materials
4. Gas, electric arc, or other forms of welding
5. Repair or servicing of any vehicle
6. Exposure to or laboratory use of caustic or explosive materials, hot liquids or solids, or other similar hazards

Safety equipment designed to provide protection for the hazards involved, and to meet standards specified by state law, will be provided by the District. These devices may be issued to the students, or provided at work stations for individual activities. If devices are issued to the students, principals are authorized to charge students for loss, damage, or failure to return any device issued.

Adopted: June 30, 1981

Revised: November 11, 2003
