RETIREMENT OF FACILITIES

Certain school buildings may no longer be adequate for instructional purposes, and should be used to benefit the School District or public in other ways. In determining which facility is to be retired for regular school purposes, the Board will be guided by this combination of factors:

1. Review of the in-depth demographic studies and grouping and consideration of alternatives.
2. Age and current physical condition of the building, its operating systems and program facilities.
3. Adequacy of site, location, access, surrounding development, traffic patterns, and other environmental conditions.
4. Re-assignment of children, including alternative plans, according to Board policy.
5. Transportation factors, including numbers of children bused, time, distance, and safety.
6. Alternate uses of the building.
7. Costs/savings
 - a. Personnel
 - b. Plant operation
 - c. Transportation
 - d. Capital investment
 - e. Alternate use

If the Board determines to close a school, it will first consider other uses that the School District might make of the building; then, it will consider its sale.

The historic value of any building will also be considered by the Board. It may take special action to provide for a building's preservation.
