District Code:

**EXTRA ASSIGNMENT COMPENSATION
FOR VOCAL AND INSTRUMENTAL MUSIC TEACHERS**

Two (2) activities per year, sponsored and supervised by appropriate certified staff will involve no additional compensation beyond the teacher's contract. These two (2) activities are considered a district expectation if the activities are designated by the building principal. Activities are as follows: local PTA/PTO programs, seasonal concerts and district-wide programs.

Activities beyond the two (2) district expectations require prior approval of the staff member's supervisor and the Assistant Superintendent for Human Resources. If approved, compensation (with teacher retirement contributions) will be based on the value of one point per activity. A half-point value will be paid to an approved assistant provided the assistant has provided two (2) activities which were non-compensable.
