MIGRANT EDUCATION PROGRAM

The Board of Education of the Pattonville School District directs the superintendent or designee to utilize questionnaires/surveys to help identify migratory children in the district. The superintendent or designee shall also follow the identification procedures set forth by Missouri Department of Elementary and Secondary Education.

The district will assess the educational and related health and social needs of each identified migrant student and will give full access to all programs ordinarily provided all other children to meet their needs, including Title I, special education, gifted Education, vocational education, English for speakers of other languages, counseling programs, elective classes, fine arts classes, etc.

If determined needs cannot be provided by the district, the superintendent or designee will contact the regional or state migrant education office for assistance.
