STUDENT GOVERNMENT

In order to encourage student participation in the various activities of school life and to provide opportunity for training in democratic processes, the junior and senior high schools of the District may maintain and operate student councils.

Such councils shall assist in improving the general welfare of all students, and shall give students the opportunity to participate in the orderly workings of the democratic process.

Such councils shall not have authority to make policies for the District, or regulations for the school, or shall they have any disciplinary authority, except for recommending removal of a member from the council. However, a council may make recommendations to the administration on topics of student concern.

The administration and each student council shall keep channels of communication open between the administration, the council and all of the students.
