## **STUDENT CONDUCT**

The Board recognizes that acceptable behavior is essential to the development of responsible and self-disciplined citizens, and in promoting an effective instructional program. Acceptable behavior is based on respect for one's self and for the worth and human dignity of others. Development of such behavior in students is a dual function of the home and of the school.

In order to fulfill the responsibility of the school, it is, necessary that each learning activity contribute positively to the creation and maintenance of a climate that is conducive to learning. All professional staff members have a responsibility for consistency in establishing and maintaining an appropriate behavioral atmosphere.

A student code of conduct, developed under leadership of the District administration, will be made available to parents and students, and will be enforced in the schools. (See Behavior Guide for Students.)
