### **STUDENT SAFETY**

The maintenance of healthful and safe conditions throughout the School District is a responsibility shared by the Board, superintendent, administrators, teachers, custodial and maintenance personnel, and all other classified staff.

The safety of students shall be assured through: close supervision of students and through special attention to the following:

1. Maintaining a safe school environment (safety experts shall periodically inspect the physical condition of all buildings and grounds).
2. Observation of safe practices on the part of school personnel and students particularly in those areas of instruction or extra-curricular activities which offer special hazards.
3. Offering a safety education to students as germane to particular subjects, such as laboratory courses in science, industrial and vocational education, and health and physical education.
4. Providing first aid care for students in case of accident or sudden illness.
