SCHOOL-SPONSORED INFORMATION MEDIA

As part of an ongoing effort to keep the residents informed, regular publications are to be prepared by the School District and by individual schools. These publications include newsletters for distribution to staff, parents and all District residents, special publications (including the school year calendar), and the annual report, which includes a listing of accomplishments for the previous year, and District goals and objectives for the upcoming school year.

The school/community relations office is responsible for the development and distribution of District publications. Each school principal, however, will provide a monthly news sheet for parents to keep them informed, to list important dates and programs during the month, and to tell them about school instructional programs. Other editorial content will be a matter of judgment on the part of the school principal.
