EPS CODE: KF

District Code: New

COMMUNITY INSTRUCTIONAL RESOURCES

The Board recognizes that the School District should work closely with businesses and industries in the community and encourage activities that will implement effective cooperation.

These include:

1. Collaborative activities that directly or indirectly involve students (usually in career preparation or awareness programs, or in economic or citizenship education).
2. Cooperative efforts to aid the School District that don't involve students (staff development, management studies, etc.).
3. Involvement by individuals from business and industry (advisory groups, etc.).
4. Education-related activities by business and industry (training programs, etc.).
