### **VISITORS TO THE SCHOOLS**

The Board encourages taxpayers of the School District to visit the schools and evaluate the quality of education in the District, identify needs, and join with the Board in improving the District. However, all visitors during the regular school day shall check in at the building office prior to proceeding elsewhere in the building. The Board and administration will not tolerate any person, or persons, whose presence disturbs classes or school activities. If such person(s) will not leave the school premises upon request, the building principal, or designee, may prefer charges to the proper legal authorities.

Visitations by pre-school children and/or children from other schools shall be discouraged. All children who are visiting the schools must report to the principal's office, and receive his/her approval prior to attending classes.
