

PATTONVILLE SCHOOL DISTRICT

EPS Code LE/LEA

District Code: B522/B523

**RELATIONS WITH COLLEGES AND UNIVERSITIES/
STUDENT TEACHING AND INTERNSHIPS**

The School District shall cooperate when possible and practical with colleges, universities and other agencies which are training teachers and/or conducting educational research and/or providing adult education programs in District schools.

The Board recognizes the responsibility of the school system for cooperating with teacher training institutions in the placement of student teachers. The superintendent and his/her staff will prepare regulations governing the placement of student teachers, which will:

1. Provide for placement of student teachers with outstanding teachers who will serve as their supervisors
2. Protect pupils from over-exposure to student teaching, and likewise, teachers from excessive supervisory responsibilities toward the student teachers

If, at any time, a student teacher becomes unacceptable, the District reserves the right to refuse that student teacher further teaching experience within the District.

Adopted: June 30, 1981
